

Erwyna Soo Wen Xin

Advanced Computer Science Student | AI & Software Development

Kuala Lumpur, Malaysia • +60 12 500 5856 • erwynasoo@gmail.com • [LinkedIn](#) • [GitHub](#)

SUMMARY

Advanced Computer Science student at Monash University Malaysia, focused on AI and software development. Hands-on experience building LLM-powered web applications; including a ReactJS chatbot integrating Gemini, OpenAI, and MLC-LLM; alongside a machine learning fraud-detection prototype and an NLP analytics dashboard built in Streamlit. Comfortable translating technical metrics into clear recommendations for non-technical stakeholders, and has led teams across national hackathons and a datathon, including a Top 10 finalist placement. Native English and French speaker.

SKILLS

Programming & Web: Python, Java, ReactJS, Vue, HTML, CSS

AI & Data: Machine Learning, AI Model Deployment & Integration, LLM Integration (Gemini, OpenAI, MLC-LLM), Data Analytics, NLP

Tools: Git, BitBucket, TeamHub, Streamlit, Google Analytics (Certified)

Creative: Photoshop, Blender (3D animation, geometry nodes), Video Editing, Digital Marketing

Languages: English (Native), French (Native), Chinese (Basic)

WORK EXPERIENCE

Marketing & Sales Consultant Jan 2025 – Jul 2025

Creative Unicorn

- Analysed digital marketing performance and built dashboards to communicate campaign insights.
- Translated technical metrics into actionable recommendations for clients and stakeholders.
- Collaborated with clients to improve campaign reach, engagement, and reporting effectiveness.

AI Academy Trainee Jan 2025 – Mar 2025

Gamuda AI Academy

- Led a team to develop an AI-powered web platform using React and AI backend services.
- Applied Agile practices, version control, and workflow documentation throughout development.
- Researched and prototyped LLM integration strategies for web-based applications.

AI & Marketing Intern Feb 2024 – Aug 2024

NTT DATA

- Developed an AI chatbot interface in ReactJS, integrating Gemini, OpenAI, and MLC-LLM services.
- Assisted with AI model deployment, database integration, and system optimisation.
- Researched Genesys and Avaya cloud solutions and presented findings to stakeholders.

PROJECTS & LEADERSHIP

Treasurer & Student Ambassador — Monash University Malaysia Jul 2025 – Present

- Manage financial operations for student activities; represent the university at outreach events and support campus initiatives.

CommentSense — L'Oréal x Monash Datathon 2025 Aug 2025

- Led the team to a Top 10 national finalist placement; built an AI dashboard using Streamlit, NLP, and engagement analytics.

Fraud Detection System — Deriv Hackathon Jan 2025 – Mar 2025

- Led the team to build a machine learning prototype for fraud detection and transaction analysis.

EDUCATION

Bachelor of Advanced Computer Science — Monash University Malaysia 2025 – Present

School of American Education (ADTP) — Sunway University 2021 – 2023
